

Dear Madam, Dear Sir,

Referring to your mail of ....., we confirm that we are aware of our duties concerning the REACH European regulation.

We are neither a supplier nor an importer of substance or preparation.

We use products in the field of our activities and have set up liaison with our own suppliers in order to know the status of their pre-registration and to ensure that our use of their products is taken into consideration.

According to the REACH regulation, we are manufacturer of products : we will give you all the information we have to assure the safe use of the products that we supply you.

We will inform you about the possible presence in these products of any substance concerned by the authorization at more than 0.1 % by weight, as soon as the list will be published on the site of the chemical products European Agency. (Art. 33.1 of the REACH regulation).

On the other hand, we will ensure that the substances which are planned to be rejected in the normal conditions or the presence of which is more than 1 ton per year in our products, will be registered (Art. 7.1 of the REACH regulation).

We hope having met your requirements about the REACH subject and remain

With best regards
